**Subject: Virtual Training Session on "Tunnelling : A prized passage to economic upliftment"
scheduled on 23rd July, 2021 from 15:30 hours**

Dear Sir,

Greetings from TAI, New Delhi!

We are pleased to announce that in July & August 2021 TAI in association with Informa Markets India will be starting an **Virtual Expert Discussion Lecture Series!**

Every Friday starting from **23rd July until 20th August, 2021**, we will be hosting short lectures on different subjects with the aim to keep all those in the field abreast of new ideas and technologies, and to provide training on important subjects. We want to make tunnelling and underground space education accessible to everyone and we believe that online training such as this is a way to do that.

The series of five modules will bring together top professionals from the TAI office bearers and ITA's Working Group and Committees, as well as industry representatives and project owners.

The first session will be on **23rd July 2021** on the subject of **Tunneling: A Prized Passage to Economic Upliftment** with a dedicated time for questions-answer session too. The session will last approximately 1hr 50mins to 2.00 hrs and begins at 3:30pm IST time. It is composed of a presentation, case studies, panel discussions and a dedicated Q & A session. Please register at <https://bit.ly/3B5bXv6>

These sessions are designed for tunnel and underground professionals and we've attached program agenda & concept note for your information and ready reference. We are expecting delegates from the **Project developers, Metro rail operators, EPC contractors, Road developers, Hydropower developers, Railway operators/boards, Water & Sewage project developers, Fire safety organizations & Consultants** (design and engineering).

Looking forward to receive your nomination.

With regards,

Yours Sincerely,

Sunil Sharma
