

Lunchtime lecture series #8 - Structural use of permanent fibre sprayed concrete linings

Dear ITA members,

We are pleased to announce that this month's Lunchtime Lecture Series on the 12 October, will be on the subject of '**Structural use of Permanent fibre Sprayed Concrete linings**'.

The session will include an overview on the Permanent Sprayed Concrete Linings guidelines written by WG12 and ITAtech presented by Karl Gunnar Holter (WG12 animateur), a presentation on 'EN standard revision (Testing & Performance criteria)' by Benoit de Rivaz and a presentation on 'Use of High-Performance Fibres in PSCL for Road Tunnels in Australia' by David Oliveira. The session will finish with a dedicated Q&A, will last approximately 1.5 hours and begins at 13:00 CEST time.

Don't forget to register for the event: <https://www.itacet.org/session/lunchtime-lecture-series-8>

Just a friendly reminder: The Lunchtime lecture series remains free and open to all for the foreseeable future. For all those that cannot join us 'live' online, please register and you will have a link sent to you to view the episode after the event – this link will be valid for 24 hours only. After this 24 hours, anyone wanting to watch the episode can do so by registering for the episode on our website, but there will be a small fee to watch.

We look forward to seeing you online! And if you have any questions in the meantime, please don't hesitate to reach out to the ITACET secretariat: secretariat@itacet.org

Best wishes,

Kate Havard
