EXPANDING UNDERGROUND

KNOWLEDGE & PASSION TO MAKE
A POSITIVE IMPACT ON THE WORLD

Megaron Athens International
Conference Centre (MAICC)

12 - 18 May 2023
Athens - Greece

WTC 2023 Bulletin #1 - is now Online!

Invitation to WTC2023

Dear Colleagues and Friends,

It is with great pleasure on behalf of the **Greek Tunneling Society (GTS)** to invite you to the **World Tunnel Congress 2023** that will be held in **Athens - Greece**, from the **12th - 18th of May 2023**.

#Athens, the city of myths, monuments, gods and ancient glory could offer unique experiences for the distinguished delegates of the **Tunnelling and Underground Space** family. Contributions from all parties of the supply chain of the engineering industry i.e. consultants, contractors, software producers, machine / equipment manufacturers, investors as well as operators and clients are welcome to attend since they will be able to exchange knowledge, promote their expertise / knowhow and define future needs.

The theme of WTC2023 “**EXPANDING UNDERGROUND**”, will focus on the Knowledge and Passion that our industry offers to Make a Positive Impact on the World. WTC 2023 in Athens, that will be carried out in **hybrid mode**, will highlight on the multiple advantages and solutions that underground space can provide, at the prospect of a whole **new era of smart technology**, where sophisticated “digital tools” change investigation, design, construction and operation methods and strategies rapidly.

We are delighted to announce that the **call for Abstracts** will open very shortly on the **1st of March 2022**. Don't miss the chance to publish your research / best practices at the annual premier event of the International Tunnelling Association (**@ITA**). Moreover, various exhibition and sponsoring opportunities are available, which have been tailored to offer a variety of promotion alternatives.

We are looking forward to welcoming you in Athens.

Ioannis Fikiris

Chair of the Organizing Committee
ITA – AITES World Tunnel Congress 2023 / Athens
